

ENA Strategy 2022-27

VISION

A low-carbon economy due to reliable, safe and affordable electricity networks.

VALUES

Transparency

Frank and open communication.

Integrity

Honesty and fairness.

Commitment

To serve our members and stakeholders by operating to the highest standards of professionalism.

PURPOSE

The ENA supports its members in leading the transition to a low-carbon, electrified economy for the benefit of our communities.

PRIORITY OUTCOMES

Customer

Reliable, affordable, low-carbon energy.

Climate

Lead electrification to meet climate goals.

Collaboration

Build partnerships to drive innovation in New Zealand's energy future.
